## Protection of your car

Our role is to provide continuous cover for your insured car during the policy period based on the policy terms and conditions.

The Carpeesh policy is a comprehensive policy that covers you for loss or damage to your car, as well as damage caused to another person's car or property by the use of your car.

Your cover is provided for 12 month terms, with the first term starting from the date you choose, when you pay your premium. This date will be set out in your Policy Certificate.

# YOUR RESPONSIBILITY

## Your duty of disclosure

### What you must tell us before you enter into or vary this insurance contract

Before you enter into or vary an insurance contract, you have a duty of disclosure under the Insurance Contracts Act 1984. If we ask you questions that are relevant to our decision to insure you and on what terms, you must tell us anything that you know and that a reasonable person in the circumstances would include in answering the questions. You have this duty until we agree to insure you.

### What you must tell us before you renew this insurance contract

Before you renew this contract of insurance, you have a duty of disclosure under the Insurance Contracts Act 1984. When you renew your policy we may give you a copy of information you have previously told us. If we provide you with a copy of your information, you must contact us if there has been a change. If there have not been any changes, you must tell us. If you do not contact us, you will be taken to have told us there is no change.

Also, if we ask you questions that are relevant to our decision to insure you and on what terms, you must tell us anything that you know and that a reasonable person in the circumstances would include in answering the questions. You have this duty until we agree to renew the contract of insurance.

### Who needs to tell us and why

It is important that you understand you are answering our questions in this way for yourself and anyone else whom you want to be covered by the policy. We will use the answers in deciding whether to insure you and anyone else to be insured under the policy, and on what terms.

## Service commitment

We will provide self-service access through the Carpeesh driver safety app and carpeesh.com for you to change or update your policy and to report any claims at any time, 24 hours, 7 days a week.

Our customer service team operates in Australia and you won't be contacted by any staff residing outside of this country.

### If you don't tell us

If you do not tell us anything you are required to tell us, we may cancel your contract or reduce the amount we will pay you if you make a claim, or both. If your failure to tell us is fraudulent, we may refuse to pay a claim and treat the contract as if it never existed. If you do not understand your duty of disclosure, please contact us on 1300 101 311.

### Keep your policy updated

Like your car, your policy needs to be maintained. You must tell us if there are changes that change the risk insured under your policy or the payment of premium.

Examples of things you must tell us include:

- payment details changed
- change in drivers
- change of mailing address
- change of overnight parked address of your car
- change of mobile number
- change of email address
- change of the use of your car
- new modification or accessory

If you don't keep these details updated, we may reduce or refuse to pay a claim or cancel your policy.

## Automatic renewal

To ensure continuing protection we will normally send a renewal offer to the Policyholders email address advised by you at least 14 days prior to the renewal date of this policy. It will show the premium, DrivePoints and applicable excesses for the new period.

If we provide you with an offer to renew your policy, we'll continue to deduct instalments for the renewed policy at the new premium level in the same instalment payment plan from your nominated payment card or account, unless you tell us to stop. We will provide you with an updated Policy Certificate for you to review and check the details are still correct.

If you do not wish to take up the renewal offer you must contact us before the renewal date to advise us.

## If a claim occurs after renewal offered

If you make a claim for an incident that happened during the period of insurance, but you tell us about the claim after we send you an offer to renew your policy, we may need to increase the premium in our renewal offer.

You agree to pay us any additional premium increase we would have required you to pay as if you had told us about the claim before your policy was renewed.

We will provide you with an updated Policy Certificate when we make any change of premium.

# YOUR COMPREHENSIVE COVER

We cover you for loss or damage to your car from incidents that occur during the period of insurance.

We also cover the legal liability of any insured person which results in any loss or damage to another person's property, from an incident in the period of insurance, caused directly by the use of your car in Australia. We will cover your reasonable legal defence costs for all claims arising from the single incident.

The cover includes legal liability for the loss or damage to another person's property directly caused by:

- your car, a part of your car, or your trailer attached to your car, having taken reasonable measures to secure them,
- goods falling from your car or your trailer attached to your car, where you have taken reasonable measures to secure them, or
- loading or unloading of your car or your trailer attached to your car.

Any excess payable by you is included in the \$20 million liability limit as are the legal cost to defend any claim made against an insured person by another party for a legal liability covered by this policy.

## What does the app do?

An essential feature of your policy is the driver safety app, which provides access to update your policy details and allows you to report a claim at the scene.

The driver safety app also samples driving data obtained using the app features and delivers feedback on your recent trips. Other listed drivers can use it too.

## Bluetooth beacon

You will receive a bluetooth enabled beacon by post to the mailing address you provide. The beacon is mailed to your postal address after the cooling off period is completed. Simply place the beacon inside your car and your driver safety app will sense the beacon's proximity so we only sample the driving of your car.

## You must download the Carpeesh driver safety app

You are required to download and link the Carpeesh driver safety app to your policy. You will be sent a personalised link via text to access the driver safety app for both Android and Apple mobiles.

The driver safety app is important. When you receive the link to the driver safety app, you must download it. You have a 30 day grace period from the beginning of the period of insurance to download and link the app.

If you do not download and link the app, we are unable to assess your DrivePoints rating or mitigate claims by promoting road safety outcomes to you or any listed drivers. We will contact you, reminding you of your obligation to download and link the Carpeesh driver safety app.

If the Carpeesh driver safety app is not downloaded and linked following the 30 day grace period, and you make a claim, a Carpeesh driver safety app excess will automatically apply regardless of the cause.

Once you download and link the Carpeesh driver safety app, the Carpeesh driver safety app excess will be removed, and you will receive an updated Policy Certificate.

## No excess where you are not at fault

## Cleaning and repair where your car is stolen and recovered

If your car is stolen in the period of insurance, but later recovered and we have not paid a claim for the theft, we will have your car cleaned and ready for you, as well as replacing of any broken glass and the repair of any damage. No excess(es) apply to this benefit.

## New car changeover

If you purchase a new car, we will cover your old car listed on your Policy Certificate for up to 14 days after you replace it. This cover will expire at 11:59:59pm on the 14th day after your existing cover is changed over to your new car, or whenever you dispose of your old car, whichever is earlier.

## Emergency travel and accommodation

We will pay up to \$100 per day, up to an overall limit of \$750 for emergency travel and accommodation expenses as a result of theft or non-drivable loss or damage to your car covered by this policy if, at the time of the incident, your car was more than 150 kilometres from the address it is usually parked at night.

We will cover the cost of debris removal at the site of an incident covered by this policy up to a maximum of \$350.

\$350  
limit

## Recovery of injured wildlife

We will cover up to \$100 towards animal road recovery by the local wildlife group if an animal that is not your pet is injured in an incident covered by this policy. We will pay for a new car replacement of your car after total loss if your car was less than two years old at the time of the incident and you purchased it new or as a demonstrator car from the manufacturer or their dealer.

If a new replacement car is not available, we will replace your car with the nearest equivalent car available in Australia, inclusive of all on road costs. If we cannot agree on a replacement car, we will pay you the amount it would cost to buy a new car the same as, or a near equivalent of, your car. All relevant excess(es) apply to this benefit.

If another person has a security interest in your car, we will only provide this benefit if the secured party agrees in writing to a replacement car or the nearest equivalent.

## Hire car after a theft

We will pay for the hiring of a compact car, with our preferred supplier, where we accept a claim for theft under this policy and we agree you need a hire car and a compact hire car is available from our preferred supplier.

## Window glass replacement

We will pay for the replacement of a front windscreen and all window glass, regardless of the number of incidents that result in a claim. A standard excess will apply. An option to reduce the standard excess applicable to the replacement of window glass is available for an additional premium.

## Calculating your premium

Your premium is the amount you must pay us for cover under your policy.

Details of the way we calculate your premium when you first take out a policy with us, and for any renewal, are set out in the PEG. A copy of the PEG is included in your Policy Kit.

## Shown on your Policy Certificate

Your premium and the date it's due are shown on your Policy Certificate. Any applicable compulsory government charges are added and included in the premium. We may also charge an additional processing fee when you pay by instalments.

## Changing your policy details

When you contact us to change your policy details, for example a change of car or a change of address, we will calculate a new premium based on your changed details and your DrivePoints at the time of the policy change. Your premium may increase or reduce depending on your changed circumstances.

If a refund is payable, we will provide it to you as a one-off payment or, if paying by instalments, by reducing your remaining premium payments. Any extra premium needs to be paid in full immediately or, if paying by instalments, will be added to your remaining premium payments.

# PAYMENT OF YOUR PREMIUM

## Payment methods

You can choose whether to pay by annual, monthly or fortnightly instalments. The total premium we charge is higher if you choose to pay fortnightly or monthly, than if you pay an annual instalment.

We will collect your premium, including any renewal premium, by your chosen method of payment unless you advise us otherwise. For details of the method of payments available, please refer to the PEG.

## What happens if you miss a payment?

It is important to pay on the due date to ensure you are covered and avoid any delay should you need to make a claim. If you miss an instalment, we will inform you by text and email and automatically retry the premium collection on a new date.

After several unsuccessful attempts to collect the payment due, your policy may be cancelled if an instalment is overdue for one month, and we will send you an email and letter by post to confirm the date when this will happen.

If you are paying your premium by monthly instalments and any instalment payment is overdue for at least 14 days, we may refuse to pay a claim.

# CANCELLATION

---

## Cooling off period

If you change your mind, you can cancel your policy within the cooling off period and receive a full refund. To do this we must receive your request to cancel within 14 days of the start date of the policy.

We will provide a full refund on the driver safety app fee, if you return any Bluetooth beacon you are provided with.

This cooling off right does not apply if you have made or are entitled to make a claim.

Even after the cooling off period ends, you still have cancellation rights (see below).

## No lock in contracts

You may cancel your policy at any time in writing by email to [help@carpeesh.com](mailto:help@carpeesh.com) or by calling the Carpeesh team on 1300 101 311.

As your Carpeesh insurance policy is for a 12 month period, if you cancel after the 14 day cooling off period and before the 12 month period has expired, you will incur an early cancellation fee. See the PEG for details.

You will be refunded the part of the premium relating to the unexpired period of your policy, as well as a pro-rata refund of any taxes and charges to which you are entitled by law, less the applicable early cancellation fee. The applicable early cancellation fee is set out in the PEG.

## We remotely switch off the Carpeesh driver safety app on cancellation

If you do cancel this policy, we will remotely cancel access to the driver safety app on your mobile phone, so we stop collecting any further sampling data. After the cancellation date of your policy, you can delete the driver safety app.

In all circumstances, we will be clear about the point in time when your car is no longer covered by Carpeesh.

There are some things we do not cover as a part of your Carpeesh insurance policy. These are known as general exclusions. The following section outlines what we will not cover under your policy.

It is important that anyone who uses, is in control of, or that drives your vehicle are aware of these general exclusions as they apply to them also.

We will not cover you for any loss, damage or expense to your vehicle or for any legal liability which is caused by or arises out of or in connection with any of the following:

Your admission of fault or liability for damage or injury without our consent, except where such liability would have existed without that admission.

## Exceeding load or passenger limit

If at the time of the incident your car is carrying more passengers than the car was designed for, or than the driver is permitted to carry by law, or carrying any load which is not secured according to law, over the legal limit, or more than what your car was designed to carry.

## Further loss or damage

After an incident you do not take all reasonable steps to prevent further loss or damage to your vehicle. This includes securing your vehicle, leaving it in an unsafe location or continued use of the vehicle after it is damaged.

## Hire, fare, reward or courtesy car

Loss or damage if your car is being used for hire, a fare or monetary reward or as a courtesy car, other than if you have Rideshare cover or your car is being used at the time of the incident in a carpool or childcare arrangement.

We will not cover you for any loss, damage or expense to your vehicle or for any legal liability which is caused by or arises out of or in connection with any of the following:

At all times, if you or your passengers or others at the scene have life-threatening injuries, have sustained an injury, are in shock or there is any danger to you at the road scene, call 000 for immediate help. Calling 000 will connect you directly to ambulance, police and fire services. Don't worry about contacting us at that time.

Focus on your own or other people's safety. Telling us about the claim can wait till you have recovered or settled from this stressful event. Self-care is of the utmost importance.

We have free counselling support available, called CARE, on a confidential basis who are familiar with the trauma associated with these events.

## Collect information at the scene of the incident

The Carpeesh driver safety app includes a feature for you to take photos and upload direct to our claims team. A benefit of using your driver safety app is that it knows your policy number when you forward the information and photos from the scene of the incident.

You are required to collect the basic information, including any photographs of your car's damage, any other car's damage and the location. If there's another driver involved, ensure you obtain their, name, address, email address, licence number, phone number, car registration number and if possible, their insurer. You should also obtain the contact details of any witnesses.

We may be able to help you while you are at the scene of the incident, if your car is not drivable or you are left stranded far from home.

## Report the incident or claim at your earliest practical opportunity

There is no impact on your premium by reporting the incident and not going ahead with a claim. We won't judge you so reach out to us as you've chosen us to help you in these situations. You can make an informed choice whether to make a claim given the damage and the level of excess that may apply.

## Report a stolen car

If your car is stolen, please report the theft to police and then to our claims team. We will then contact the police to request a copy of the police report and provide them with any information we may have on the location of your car, to assist them in retrieving it.

We allow 14 days for possible recovery.

If your car is subsequently found and it has been damaged during the theft, we will arrange the repair and clean up. If your car is not recovered your claim will be settled as a total loss.

A car accident or near collision is a stressful event. We don't want to add to the stress in the aftermath or claims process. We're here to help in the event of a claim.

## Claims process

When you have lodged your claim, we will provide you a claims reference and advise the next steps, within two business days.

So that your claim can be managed quickly we may ask you for receipts, bank records, confirmation of purchase of your car or certain relevant accessories, any previous repair records and the driving licence history for the driver of the car.

## WHAT WE WILL PAY

---

On acceptance of your claim we will choose to either:

- repair or replace your car, or
- if your car is a total loss, pay you the Agreed or Market value, stated on your Policy Certificate.

If the Replacement new car after total loss if the car is less than two years old benefit applies, we will replace your car with a car of the same type, age and condition (refer to the benefits for terms and conditions).

We may ask about any security or remaining finance on your car and request the details of the finance company, if there is a possible total loss payout. The financier may be entitled to part or all of the car proceeds, depending on the loan or leasing arrangement you have with them.

If your claim is a result of a collision with another car or is a claim that requires us to recover your loss from another party, for example the at fault party in a collision, we will seek recovery from the other party in your name and you must provide us with reasonable assistance with this recovery action.

## You pay applicable Excess at the time of making a claim

The excess is the amount of money you pay towards each claim regardless of who is to blame for the incident. The PEG provides detailed information about the excesses that apply in each circumstance and for each State and Territory.

How much you pay depends on whether only the standard excess applies or whether you have selected an optional variable excess, or whether any other excess applies. The excesses that apply to your policy are shown on your Policy Certificate and are updated at renewal.

We ask you to pay us the applicable excess(es) as part of the claims process. If we have asked you to pay us the excess but you haven't paid us, we won't provide any further benefits under this policy until you do pay. We also may not cover any additional costs that arise because of a delay in paying us.

## Applicable Excesses

A summary of the types of excess that apply, and when they apply, is set out below. The excess(es) applicable to you, will be shown on your Policy Certificate.

Excess	Purpose
<b>Standard</b>	The Standard excess applies where your car is involved in an incident that results in loss or damage.
<b>Optional Variable</b>	<p>We offer Optional Variable excesses to allow you to select a higher excess to reduce your premiums. You can choose to pay an additional excess on top of the Standard excess of \$100, \$250, \$500 or \$1,000. We also offer the option to reduce the Standard excess by \$100 or \$200 which will result in a higher premium being required to be paid for your policy.</p> <p>If you elect an Optional Variable excess, this will show on your Policy Certificate as your Chosen excess, which is a combination of your Optional Variable excess and your Standard excess.</p>
<b>Age</b>	<p>Where an incident occurs and the driver in charge of the car, is aged under 26 years of age, an Age Excess will apply.</p> <p>It does not apply when the reason for the claim is not related to driving, such as:</p> <ul style="list-style-type: none"> <li>• fire, theft or hail damage, or</li> <li>• loss or damage to the windscreen, door, side or rear window glass.</li> </ul>

## Arranging a repairer

We work with repairers every day and we have carefully selected a network of preferred independent repairers to ensure your car is repaired professionally in a timely manner. We do not own or control these smash repairers. To take the inconvenience out of arranging your own repair we choose the repairer and provide a lifetime guarantee on the repair. In areas not covered by repairers approved by us, we will arrange the repair of your car in consultation with you.

You may be asked to obtain two independent, competitive quotes from repairers we may nominate. Our assessor will review the quotes and what is necessary to properly repair your car. We will choose the repairer who has submitted the more competitive and complete quote and that will be the repairer who repairs your car. You must not authorise the repair of your car without our written authority.

If we accept your claim and decide the damage to your car can be repaired, we will authorise the work to one of our network of preferred repairers to ensure proper care of your car. We reserve the right to determine the method of repair in consultation with the repairer. At our option, in some circumstances, we may pay you the reasonable cost of repairing your car instead of repairing your car.

## Repairing your car

We may subcontract the repairs to your car to a repairer, and any repairer we authorise to repair your car may also subcontract some of the repairs. When we repair your car we will not:

- pay extra to repair your car to a better standard, specification or quality existing before the loss or damage,
- fix a fault or defect in your car that existed before the loss or damage occurred unless the fault or defect was from repairs we authorised, or
- pay for repairing pre-existing damage. If we agree, you can pay the extra cost of repairing this damage.

## Replacing damaged parts

If the car is purchased new, any claim within the first twelve (12) months will use only Original Equipment Manufacturer (OEM) parts except for the replacement of air conditioners, condensers, radiators, windscreens, door, side or rear window glass for which Australian Design Rule compliant parts may be used. Outside of this twelve (12) month period, the parts used will be consistent with the car's age and condition. This may include new, OEM-equivalent, non-OEM or recycled parts.

Any cost associated with the removal, repair or installation of an alcohol ignition interlock device is excluded.

## Lifetime Repair Guarantee

If we authorise the repair of your car, including any repairs that are sub contracted repairs, we provide a lifetime guarantee. This means that we will guarantee the quality of the repairs for any defect due to faulty workmanship or faulty material for the life of your car whilst owned by you. For entitlement to any repairs under this guarantee you must first allow us to inspect the car and we must agree that repairs are necessary.

## We follow the smash repair code

We follow the Motor Vehicle Insurance and Repair Industry Code of Conduct, a set of guidelines that promotes cooperation and transparency between insurers and repairers.

Compliance with the Motor Vehicle Insurance and Repair Industry Code of Conduct is mandated in NSW and all repairers elsewhere in Australia are encouraged to become signatories.

## Your stolen and recovered car is cleaned

In the event your car is stolen but then recovered we will have your car cleaned and ready for you, including the replacement of any broken glass and the repair of any damage.

## Calculating a total loss

Where we reach a decision, your car is a total loss, and we agree to pay your claim, your policy comes to an end. How your claim is settled will depend on whether you have taken out an Agreed value or Market value policy.

A total loss payment is calculated based on the Agreed or Market value stated on your Policy Certificate, less:

- any applicable excess(es) you may not have yet paid, and
- any premiums remaining unpaid for the full period of insurance, and
- any unused registration costs, including Compulsory Third Party (CTP) Insurance, in any state where we are entitled to do so, and
- any amount equivalent to any applicable Input Tax Credit (ITC) that you are entitled to.

## Total loss, security interest

If a security interest is registered over your car, we will first pay the financier, up to the amount required to discharge your loan or finance agreement but not exceeding the Agreed value or Market value stated on your Policy Certificate, before we make any payments to you.

You must take the necessary steps which we require to remove any security interest in your car after your loan or finance agreement has been discharged.

## Stolen car is not recovered

In the event your car is stolen and not recovered we will pay you the car's Agreed value or Market value, depending on the cover you have selected, at the time of the loss.

## Premium treatment after total loss

If you have paid your policy in full there is no refund of premium as we have fulfilled our contract to you.

If you pay your policy in instalments, we will deduct any unpaid instalment amount up until your policy renewal date from the total loss payment. If you purchase another car, a new insurance policy is required.

We will retain any unexpired portion of your car's registration and CTP insurance refund, in states where we are entitled to do so. If necessary, you will provide us with a signed written authority to enable us to recover this refund.

## Car salvage

If we pay the Agreed value or Market value, your car and its insured equipment becomes our property. If you choose to keep your car in its damaged condition, then the salvage value will be deducted from the Agreed or Market value stated on your Policy Certificate.

## If you're registered or required to be registered for GST

If you're registered for Goods and Services Tax (GST) or are required to be registered for GST, then before you lodge your claim you must tell us your Australian Business Number (ABN) and the percentage of Input Tax Credits (ITCs) you are entitled to claim on your premium for the period of insurance during which the incident happened.

You must also tell us whether you would be entitled to claim ITCs if you repaired or replaced the car you are claiming for, and if so what percentage of ITCs you would be able to claim. We will reduce any payment we make to you for your claim by the amount of ITCs you would be entitled to. That applies whether your insured for Agreed value or Market value.

If you don't tell us the correct percentage of ITCs, you may have to pay GST and interest or penalties under GST law. If you aren't sure what your GST obligations are, or if you're a member of a GST Group, you should talk to your tax advisor.
